

Brittan School

Friday, March 28th Family Message

Hello Brittan Families, this is Heather Azevedo, Superintendent/Principal of Brittan Elementary School District!

The County Educators of the Year dinner was held last Thursday to recognize employees from our area. We honored Patti Renfree and Amber Smith for their years of service, roles on campus, and continued dedication to Brittan School. It was a fun evening where over fifty professionals were celebrated.

Our annual CJSF B.B.Q. and Open House was another huge success! The entire staff went above and beyond to make sure that everything was ready, organized and ran smoothly that evening. Thank you to our local Lions Club for running the grill that afternoon. The

goal was to create a fun family evening, host dinner to raise money for the Sutter Youth Organization and to show case all the projects and lessons our students have been completing throughout the year. The best part was seeing the excitement from the students as they beamed and took pride in their learning, and that is truly, what it is all about!

We kept the positive energy flowing with our monthly whole school flag salute where we gathered to honor our country, our Brittan community and students who continue to make a difference around campus. As everyone danced back to their classrooms, many of our students toured the other classrooms to look at all the fun art and project that were on display from last night. Students filled the cafeteria with singing through lunchtime too, which was fun to hear all over the school. Many classes had parties and fun events throughout the day! There were several egg hunts between buddy classes and we even had a surprise visit from the Easter Bunny himself. The primary student loved welcoming him.

I want to wish everyone a Happy Easter and fun-filled Spring Break. Enjoy the time with your loved ones!

And from our Brittan family to yours!

It's a Great Day to Be a Bear!
